

SIM-DAVID FERNANDEZ

Senior Business Intelligence Developer

Dasmariñas, Cavite • 0976-001-32-61 • fernandez.simdavid@gmail.com

Data Analyst with 10+ years of experience in Excel reporting, data analysis, and process automation. Skilled in preparing client reports and business reviews focused on utilization, productivity, and workforce metrics in the healthcare sector. Experienced in VBA automation, data transformation, and collaboration with stakeholders to deliver actionable insights, with proven successful projects in process improvement initiatives and the development of multiple Power BI dashboards supporting business decision-making and reporting efficiency.

AREA OF EXPERTISE

- Data Management, Data Analysis, Excel Reports, DBeaver (SQL), Power BI, Power Query, Power Pivot, Macro / VBA.

WORK EXPERIENCE

Senior Business Intelligence Developer, Global Administrators Inc	Nov 2025 – Present
- Design and develop scalable BI reports, interactive dashboards, and automated reporting solutions that drive data-informed business decisions and operational efficiency. - Maintain data warehouse and reporting databases to ensure reliable data processing, data integrity, and accurate business intelligence reporting. - Lead end-to-end dashboard and reporting development initiatives, including requirement gathering, testing, implementation, stakeholder coordination, and deployment.	
Senior Business and Reports Analyst, Global Administrators Inc	Mar 2024 – Nov 2025
- Collect, analyze, and manage different datasets in Excel, creating accurate and efficient reports with advanced formulas, pivot tables, and charts. - Prepare monthly business review reports for clients, including utilization, cycle time, and productivity metrics. - Build automation tools using VBA to reduce manual work and streamline processes. - Handle Freshdesk tickets for data corrections and provide ad hoc reports to support supervisors and leadership. - Develop dashboards and reports in Power BI for additional data visualization and insights. Collaborate with stakeholders to gather reporting requirements and deliver effective solutions.	
Subject Matter Expert (Data Management), Global Administrators Inc	Sep 2019 – Mar 2024
- Serve as the primary point of contact for data-related inquiries and issue resolution while managing high-priority client requests by gathering requirements, analyzing data needs, and ensuring accurate dissemination to the team. - Collaborate with the US counterpart to prepare end-of-day performance and operations reports, ensuring data accuracy and consistency. - Collect raw source files from the client’s system, clean and transform the data, and convert it into standardized templates for integration into the company database.	
Fraud and Risk Senior Analyst, Bayview Technologies Inc	Nov 2015 – Sep 2019
Analyzes player transactions for fraud, identifying high-risk players, bonus abuse, and money laundering. Prepares daily reports for risk mitigation and compliance.	

EDUCATION

Jun 2011 - Apr 2015
Bachelor of Science in Applied Mathematics
Polytechnic University of the Philippines
